Dear Jack,

Hurriedly, if I have no footnote, I do not now recall the source other than the quoted FBI reports. These are printed in FW. The latest thing printed is a last-minute addition to that book, after the index. We have, since publication, found confirmation in a suppressed movie.

I was quoting the evidence. It now appears that I was right in my quotation but that, according to Mrs. L., the FBI never asked Billy to wear the shirt he wore that day. Recall how I handle this in IIF: Lovelady, did, repeatedly, say he is the man in the Altgens picture.

We did get your \$2.00. Thanks. I did not expect you to pay anything for the book. Oswald in New Orleans is being published by Parallax. It will sell for 95¢ where it will be available. We are adding 55¢ to this to cover our costs, which it will not do. We are not anxious to have this extra work, for it is not profitable and we cannot do what we must. We are doing it merely to help those who want to get the book and cannot at their stores.

I have come to the point where I do not answer letters that do not require answers. I think it is impossible for most people to realize the toll this work has taken on us. Our unending days are of so many years!

Best regards,

Sincerely,
